- 🌱 Contains Over 70% Sunflower

**Now with Golden Safflower
More Nutrition & Less Waste
than White Safflower**

**Attract More Cardinals,
Jays and Grosbeaks**

**The Finest Nutrients.
See The Difference.**

NET WT. 3.75 LBS. (1.70 KG)

CARDINAL

A special new mix for Cardinals. Now featuring Golden Safflower.

Cardinals are America's favorite backyard bird. The male's brilliant plumage and loud, slurred whistles attract attention and admiration. Northern Cardinals often visit feeders in pairs, making it easy to observe courtship, feeding and other bonding behavior. On a cold, snowy day a yard full of cardinals is the essence of winter.

Lyric Cardinal is formulated with the cardinal's feeding habits and nutritional needs in mind. Independent testing confirms that cardinals relish each of the seeds. Frequently, cardinals and other large-billed birds will toss aside smaller seeds as they search for sunflower. Our large-seed mix is ideal for them. It will eliminate the wasted seed common in more conventional mixes. Another benefit is squirrels don't like safflower. There is more seed left for the birds to eat when you use safflower.

Golden Safflower is an organic, chemical-free hybrid safflower. It has higher nutrition content than white safflower: 15% more oil, 25% higher protein, and 30% higher fat. Golden Safflower has an extremely thin hull making it easier for birds to eat and digest. We are introducing Golden Safflower in Lyric Cardinal to bring your birds a new and improved food.

Lyric Cardinal will attract and feed these colorful songbirds:

Cardinals

Chickadees

Grosbeaks

Jays

AND MORE!

Is there a "best" feeder for Lyric Cardinal Wild Bird Food Mix?

Cardinals and other similar-sized birds prefer feeding on platforms or traditional hopper style feeders. Though these birds can master using tube style feeders, the perches on most tubes are intentionally made short to discourage use by larger birds. Therefore, we recommend a platform feeder or hopper style feeder. Placing the feeder in a relatively open area in the yard will increase the likelihood of cardinal visits.

Ingredients:

Black Oil Sunflower Seed, Safflower Seed, Black Striped Sunflower Seed, Buckwheat, Sunflower Kernels.

Guaranteed Analysis:

Crude Protein (min.):	17.0%
Crude Fat (min.):	40.0%
Crude Fiber (max.):	20.0%
Moisture (max.):	12.0%

PLEASE DISCARD THE INSERTED OXYGEN SCAVENGER PACKET. THE PACKET AND ITS CONTENTS ARE NOT EDIBLE. THE PACKET HELPS KEEP THE FOOD FRESH.

NOT FOR HUMAN CONSUMPTION.

CAUTION TO INDIVIDUALS WITH NUT ALLERGIES: WHILE THIS MIXTURE MAY NOT CONTAIN NUTS, IT IS MANUFACTURED AND STORED WITH PRODUCTS THAT DO.

NOT RECOMMENDED FOR DOMESTIC (CAGED) BIRDS.

STORE IN A SEALED BAG OR CONTAINER IN A COOL, DRY PLACE.
