Cardinals

Chickadees

Doves

Finches

Redpolls

Red-Winged  
Blackbirds

Sparrows

Titmice

Woodpeckers

**AND  
MORE!**

Bird feeding is a year-round hobby. Feeding in the spring attracts migrating birds. Summer feeding offers nesting birds a nutritious supply of food. Feeding in the fall and winter supplements the natural resources and is most helpful in cold weather. Start feeding anytime of the year. Use a well-made feeder such as a tube, hopper or tray feeder. Try also feeding on or near the ground to attract ground feeding birds like cardinals, doves or sparrows.

To attract a wider variety of colorful birds, try a premium brand food like Lyric Wild Bird Food. Lyric mixes such as Supreme, Delite, Fruit & Nut and Chickadee have been attracting beautiful songbirds for many years.

**Ingredients:** Contains milo, millet, cracked corn and black oil sunflower seeds for wild birds.

**Guaranteed Analysis:**

Crude Protein (min.): 10.0%  
Crude Fat (min.): 6.0%
