PEANUT PIECES

The Finest Nutrients. See The Difference. All Lyric wild bird foods are carefully selected for nutritional content, cleanliness and quality. Lyric Peanut Pieces are appealing to many different birds. They are easier for birds to eat than peanuts in the shell or only whole peanuts. Peanut Pieces are a 100% edible, high nutrition, no-waste food. They will not germinate and cause unwanted weed growth.

Lyric Peanut Pieces' high content of protein and fat are important to fuel wild birds' high level of daily activity. Whether it's foraging for food in the winter or energy for spring nest building, you can trust Lyric to provide your backyard birds with all-natural, quality foods.

Lyric Peanut Pieces will attract and feed these colorful songbirds:

Bluebirds

Buntings

Chickadees

Flickers

Grosbeaks

House Finches

Jays

Nuthatches

Titmice

Towhees

Woodpeckers

and more!

Choosing feeders. Lyric Peanut Pieces can be used in most feeders. You will enjoy watching woodpeckers and nuthatches cling and bounce along a steel-mesh tube peanut feeder while they eat. Tube feeders, tubes with trays, hopper feeders and open-tray platform feeders are also appropriate. Using baffles or covered feeders will help protect this no-waste food from getting moist from rain, snow or dew.

If you want to keep non-bird visitors from eating this food, try to hang feeder bottoms at least 4-ft. above the ground and away from climbing sources.

See even more birds. You can draw even more birds by adding other Lyric products such as Lyric Supreme, Lyric Finch and Lyric Fruit & Nut to your feeding plan.

Ingredients: Contains split/whole peanuts for wild birds.
